1. Recommended route; actual order of courses may vary. Because of foundations requirements and prerequisites, students should begin working on an art major during their first semester if they wish to graduate in four years.
2. Early Registration and Advising Day. Because of high student demand and limited course availability, each semester the art department holds an early registration and advising day for intended and admitted art majors. Students who are undecided, not officially recognized as intended, or not officially admitted to an art major when they are eligible may take art courses only on a space-available basis after early registration is completed. Students must participate in early registration and advising day if they expect to take any art courses.
3. Art courses listed are 1st year block. Students selecting this option must register for entire block. Students registered for block in fall are guaranteed a seat in spring block courses. Designed for new entering first-year students who are serious about being art majors. Limited to 20 seats per year. Students who do not take the block should register for non-block sections of Art 101 & 102 in their first semester and Art 103, 104 & 105 in their second semester; those students not taking the 1st year block will need to complete ENGL 191 within the first year.
4. Students must declare that they are intended art majors as soon as they are admitted to SCSU if they want to be eligible for early registration in art courses. New-entering first-year students should attend the university's first orientation session if they want to take the 1st year block. Because of limited availability, students who do not take the block may be delayed in completing the foundation requirements (Art 101-105).
5. Students are eligible for admission to art majors after completing foundations courses (Art 101-105) with a 2.5 grade point average and passing the departmental portfolio review.

To graduate with a four year degree, students must have earned a minimum of 120 credits. SCSUs Art Ed Program was approved at 124 credits.

32 credits = General Education; 41 required however art ed majors are able to waive 3 credits in the FAH distribution area, 3 credits in the Soc & Behavioral Sciences distribution area, and HURL 497 can be double-counted.

53 credits = BS Art Ed Major

39 credits = Professional Education

124 CREDITS TO GRADUATE WITH AN ART EDUCATION DEGREE
