Notes:

The Electro-optics track requires that you complete PHYS 445 and at least six credits from PHYS 415, 435, 436; ENGR 425, 447. Since PHYS 338 is a pre-requisite of PHYS 445, PHYS 338 should be taken during the 4th semester if possible.

Many Liberal Education Program (LEP) courses will satisfy more than one goal area. Students are encouraged to take courses that double-count in more than one goal area so they can take additional math/physics electives.

Special Note on Upper division Courses. Most upper division ASTR, ENGR, and PHYS courses are offered every other year. It is important that students check with the department to determine which year and semester a specific course will be offered. The table below provides a general indication as to when upper division courses are offered, but these may change during any given semester.

Every Semester	PHYS 328
Every Fall	PHYS 333, PHYS 346, PHYS 430, PHYS 432
Every Spring	ENGR 425, PHYS 329
Spring (Even Years)	ASTR 312, PHYS 338, PHYS 436
Spring (Odd Years)	ASTR 427, ENGR 332, PHYS 435, PHYS 440
Fall (Even Years)	ASTR 323, ENGR 334, PHYS 445
Fall (Odd Years)	ASTR 311, PHYS 431, ENGR 447
